“

We are immensely proud of the opportunities open to our students throughout their time at Bradford Grammar School and beyond.

A hobby can become a catalyst for a lifelong passion, which is why we support future career paths throughout.

”

Preparation for university

Staff

In keeping with our commitment to provide students with outstanding careers guidance and tailored support when choosing their next step after school, we use [Unifrog](#); an award-winning, online careers platform.

Unifrog brings into one place every university course, apprenticeship, and college course in the UK, as well as other opportunities, such as School Leaver Programmes, MOOCs and every college at Oxford and Cambridge.

This makes it easy for students to compare and choose the best university courses, apprenticeships or further education courses for them.

Pupils

Students in the Sixth Form are offered guidance about the choice of courses and universities. We offer interview tips and practice sessions.

Assistance and guidance are offered throughout the application process and beyond and staff are available in school for several days in August after A and AS Level results have been released in order to support students.

Work experience

The Higher Education and Careers department helps to find appropriate work experience placements for students in the Sixth Form.

“

A strong sense of community stitches together every facet of our Senior School and Sixth Form, creating platforms for students to explore their identity and map out their future.

”

Careers evening

We run a range of careers events including a Careers Evening with speakers from a variety of professions such as medicine, law, engineering, finance and the armed forces.

These speakers are often former pupils, parents or local businesses with connections to the school.

The most recent Careers Evening took place in November and was attended by over 250 pupils and their parents.

If you would like to offer your expertise at a future BGS networking event please contact Sarah Flaherty:

SJF@bradfordgrammar.com

“

We treat every student as an individual, meeting each as often as necessary so that we can effectively support their dreams with sound advice and guidance.

Practical help from our Careers and Higher Education Department enable students to explore suitable subject choices, degrees and jobs. Weekly form periods offer time for focus and reflection upon next steps.

”

Business Networking Lunches

During the school year there are themed networking lunches to introduce Sixth Form students to professionals: this gives students the opportunity to ask questions and to network.

The last Networking Lunch took place in March and the focus was 'Careers in Medicine and the Biomedical Sciences'. We are interested to hear from professionals who would be interested in attending future events.
