# forget me not children's hospice

Whatever you thought a children's hospice might be like, that's not us. Prepare to be amazed.

We're a pioneering children's hospice. We never stop looking for new and better ways to support local children and families.

### The difference we make

We're here for any family confronted with the news that their child has a life-shortening condition – from as early as pregnancy onwards.

### We only ever say yes

We simply don't believe in 'can't'. We always, always, always say yes to children and their families. And it's that absolute determination to open up a world of possibility that means we can make magic happen.

### We can't do it without you

Find out more about why we're so different, and why we depend on the community to help us make magic happen. Visit our website at: [www.forgetmenotchild.co.uk](http://www.forgetmenotchild.co.uk)

We must raise over £4m every year to cover our costs – but we can still only support 15% of the children in our area who need us. Find out more about us and you might decide you want to help us start reaching the rest!

### Only the best is good enough

The Care Quality Commission (CQC), which inspect hospices, rates us as 'outstanding'. This puts us in the top 1% of all of the organisations they inspect. We'll never stop working towards being the best we can be.

## The Headmaster

Are there any greater sporting contests than those between Poms and Aussies?

Our BGS netballers will soon have the chance to represent their school and country in Australia and I know that all will relish the experience. This is a tour that builds on the strong bonds that have grown between our sportswomen and will provide further development opportunities and momentum for the autumn season to come. Overseas tours provide unique sporting challenges and enriching cultural experiences. Those challenges I allude to are not easily overcome. The competition will be tough. But I know our netballers will play hard and in the right spirit, always working for each other, always with fair play at the forefront of their game. The Australia tour will be great fun too, it will strengthen friendships between BGS teammates and foster new ones with peers overseas.

Good luck, girls and thank you to my colleagues for making this tour possible. I hope you all enjoy a wonderful time 'down under' and I'm sure you will return home with memories to last a lifetime!

Simon Hinchliffe  
Headmaster

'I'm sure you will return home with memories to last a lifetime!..'

## Head of Netball

No nation loves sport more than the Aussie's, they see sport as a way of life and women's sport, netball in particular, has a huge profile with players being household names, so nowhere could be a better to go on tour with this fantastic group of girls!

Having toured Brisbane, the Gold Coast and Sydney in 2016 I know well what this tour has to offer and am excited to see the memories which the girls make throughout the two weeks.

This is a packed tour and will be intense as all sports tours should be with high expectations in the training sessions and tough opposition in the fixtures. The focus is firmly on developing both the individuals and the squads for senior netball in 2018/19 whilst at the same time having a fantastic experience in an amazing country. The girls will also learn a few touring life skills like washing kit and making meals as we stay self – catering in the Super Sports Centre.

It is an exciting time ahead for netball at Bradford Grammar School over the next season with new staff bringing their expertise to our girls. Tour is however my swansong as Head of Netball and Alice's last act as a coach at Bradford Grammar School, this will make this tour even more special and us even more determined to ensure that we get the best out of every moment. I have no doubt that our girls will do Bradford Grammar proud both on and off the court whilst we are away and when they return they will be ready to turn on the style for the new Head of Netball!

## The Director of Sport

Touring is always an exciting part of an athletes sporting journey.

The unfamiliar opposition, new cultures, contrasting styles of play not to mention the highs and lows of being in each others pockets for a couple of weeks. When I think back on the best sporting tours I have been lucky enough to be part of there is always one thing that links a successful tour. Its not the destination or fixtures but the people you go with. Travelling with your friends will always bring out the best surprises and experiences. Characters will grow and friendships strengthen through sharing these moments in time. Whether they are on the court, training ground, airport, hotel or in a burger bar I am sure there will be plenty to reminisce on when you return.

These huge tours take a lot of time to get off the ground and a big thank you must go to all who have contributed to the organisation of the tour. In particular the BGS netball staff, NPA, sponsors and parents. It is very much appreciated. Ladies I am sure you will have the most amazing time. I look forward to hearing all about it on your return. Safe journey and keep smiling.

## The Chairman

The 2018 Netball Tour to Australia will be m fourth and final tour as Chairman, and I still haven't managed to get a seat on the plane!

During my time as Chairman of Bradford Grammar School Netball Parents Association we have helped fund 1 tour to South Africa and 3 tours to Australia each time raising enough money to subsidise the cost of the tour and ensuring the girls get to experience some amazing excursions and activities, and I have no doubt this tour will be the same. The money raised comes from a huge amount work, time and effort by the Netball Parents and the Netball staff and I am incredibly grateful for the support they have given me over the last 8 years.

I am sure George, Rachel and Alice will push the girls hard on tour to ensure they reach their maximum potential whilst also allowing a little down time for some R&R.

To the players, do not underestimate the challenge that lies ahead. You will be competing against some of the best teams and players in the world in your age group. Use the experience to learn and improve, ready to apply everything you take from the tour into next seasons fixtures. I trust you will all be excellent ambassadors for the school and will create some lifelong friendships at the same time.

And remember, there may be people that have more talent than you, but there is no excuse for anyone to work harder than you! Make memories!

## 2nd team coach

Being new to Bradford Grammar School, when I was asked to if I was able to attend the senior netball tour to Australia, I was thrilled.

Not only because I have never been to the country before, but as a keen netballer, netball in Australia is the pinnacle of women's sport. I look forward to touring with this talented and bubbly group of girls to see how they adapt to different playing situations and to the 'Australian way of play'.

Whilst in Australia, the group must appreciate the skills that the Australians use and try to utilise them when they play their own games. It is these skills that will set us apart as a netball club from other schools within our fixture list back in England.

Although it is potentially a very exciting time for BGS Sport, I am very sorry to see Georgina step down as the Head of Netball, as in my first year of teaching, particularly in a school like BGS, I couldn't of asked for a better colleague to lead me in the 'BGS way'. An incredibly respected, inspirational and hard-working member of staff who I look forward to sharing the successes with in her new role. Similarly, to lose Alice's drive and passion for the sport is a huge loss to the department and I can only wish her every success with her Superleague and working career.

**Rachel Miller**

## 1st VII coach

I am extremely excited an honoured to have been asked to be part of this tour to Australia.

I have thoroughly enjoyed coaching this group in the run up to the tour. The girls have shown immense potential in pre tour training and have come together to form the two teams with ease.

I am eager to see what the girls can produce on court against the Australian teams, who will no doubt demonstrate a physcial aspect to the game and push the girls to their limits.

This is a fantastic way for me to end my time coaching her at Brtadford Grammar School and I couldn't have asked for a better group of girls and coaching team to share my final memories with.

## Ava Hepworth - Wood (1)

AKA: Av  
(say it like Ave)

Likes: Chicken satay sticks, cats, glitter, makeup

Dislikes: Salty pumpkin soup, vegetables in drinks and cake

Ambitions: Pass A levels and live in a cool flat in New York

Ava is an all-round skilful player. Having started her netball career at BGS playing GD she then progressed to the GA position where her attacking timing and shooting accuracy has been invaluable. She is calm and assured both on and off the court and well respected by both coaching staff and her team mates. It is these qualities which have led to her being selected as BGS Club and 1st VII captain for both Senior Tour and the 2018/19 season.

With this responsibility Ava, I am sure, will go from strength to strength bringing a positivity and energy to both training and match days. Ava has experienced 1st VII netball for a season already as well as competing in National Schools' Finals as an U16, experiences which I know she will put to good use on tour with her new responsibility.

## Anna Marsden (2)

AKA: Marsden!!

Likes: Chocolate, Make Up, Mango, Feminism

Dislikes: Football, Cabbage, Oppression

Ambitions: To make a difference!!!

Anna is the most organised player in the squad. She is a great communicator both on and off the court and if something needs doing she can always be relied upon. She is hardworking, determined and can play a key role at both ends of the court as GK or GS. Anna always gives 100% and is quite hard on herself when things don't go to plan; she can often be heard shouting 'sorry!' for any errors made on court.

Anna was awarded players' player this season for the 2nd VII which is no surprise as she is always generous in her support of other players. She has a good sense of humour which will serve the group well on tour.

PERSONAL SPONSOR

PERSONAL SPONSOR

## Anna Masterton (3)

AKA: The Master

Likes: Humous with Pitta and carrots, Music, Raspberries

Dislikes: Cucumber, football, flies

Ambitions: To be rich!

Anna has spent this season playing WD in the 1st VII. She is an adaptable player who also has great experience of circle defence. Anna is an unassuming player which is reflected in her hard working attitude on court. She is not flash but has great skills and often comes up with a vital interception. She supports play through centre court and distributes possession

effectively. Off the court Anna has a great ability to lighten situation and bring a fun element to training. Anna captained her U16 team to National Finals' and overcame a significant back injury in the same season demonstrating just how resilient a player she is. She will contribute to any squad she is in whatever way she can but doesn't like carrying the 1st aid kit!!!

## Issy Clarke (4)

AKA: Ginger

Likes: Travelling, animals, smoothies

Dislikes: Tongue piercings

Ambitions: To see as much of the world as possible.

Issy is a fierce competitor. You may guess by her hair colouring that she is feisty and firey on court which is just what we want from our GK. Her play is at times a little unorthodox but she comes up with some amazing interceptions as well as often forcing her opposite number into errors with her tenacity and determination. Issy is also an U16 National Schools' finalist, it was in this tournament where her attitude and determination was summed up in

one game against Millfield, where not the tallest GK she came up against a 6'4" GS who she hounded into error after error and even beating her to some rebounds! Off the court Issy is an extremely busy student involving herself in lots of different societies and clubs as well as volunteering in the community. With her ambition to travel the world Issy is sure to take a lot more than netball development from the Australia experience.

PERSONAL SPONSOR

## Isabelle Robinson (5)

AKA: Donna (from Mama Mia)

Likes: Gluten, Chicken Nuggets, her dog, task master, positive vibes, Hairspray (the movie), Dwayne Johnson

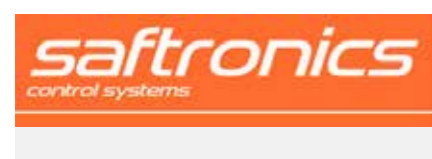

Dislikes: Water, fake snakes, school blazer, the gym, Hayley from Love Island, marshmallows

Ambitions: Own a patisserie

Izzy is our secret weapon in the shooting circle for the 2nd team, so secret in fact she hasn't even realised her own quality yet; but we are hoping that Senior Tour will bring out in her the confidence in her own ability which she lacks. Izzy works incredibly hard in all training sessions, particularly fitness sessions where despite her asthma she often exceeds the

achievements of those around her. She has the height to dominate the shooting end and stylish accurate shooting to boot. Izzy is popular amongst her peers; as a sensible and quieter member of the group I am hoping she will provide some moments of sanity to the staff on tour.

PERSONAL SPONSOR

## Georgia Rayner (6)

AKA: Gina

Likes: Gecho, eyebrows, fake tan, PLT

Dislikes: Cheese, hockey

Ambitions: To be a You Tuber

Georgia is an outstanding mid-court player. Her dynamism and competitive nature can be game changing. Georgia plays with flair and is prepared to take calculated risks on court in both attack and defence, often feeding killer balls and coming up with spectacular interceptions. Georgia is also an effective circle defender despite not having grown since year 8!! Georgia has a very strong character and is a lively member of the group who has an excellent netball knowledge.

I am sure that she will use all of these skills on tour to work alongside Ava in captaining the team and play a key role in bonding the squad. Georgia's netball experiences include being an U16 National Schools' Finalist and numerous appearances at National Club Finals with Leeds Athletic.

With her love of eyebrows I know Georgia will be looking forward to visiting the Saphora outlets in Australia!!

PERSONAL SPONSOR

## Lizzie Hamer (7)

AKA: Liz

Likes: Chocolate fudge cake & party bags

Dislikes: Rudeness & Man Bags

Ambitions: To travel

It is safe to say that Lizzie is one of the most hard working and reliable players in the squad. She is fairly low key in both her character and on court but incredibly effective and missed when she is not there. Lizzie is a centre court dynamo who has incredible agility and endurance. Her ball placement makes her a favourite of the shooters who can always rely on her to

deliver a good ball. Lizzie is a very popular and fun loving member of the squad, she always has a smile on herself and never complains, this will be a great asset to the tour. Our only concern is that there is a lot of coach travel involved in trip, hopefully the roads won't be as winding as to Sedbergh!!!

PERSONAL SPONSOR

## Millie Stephenson (8)

AKA: Munker

Likes: Sausage dogs, avocado, prosecco, WD & C

Dislikes: Flying, peas & training on a Friday

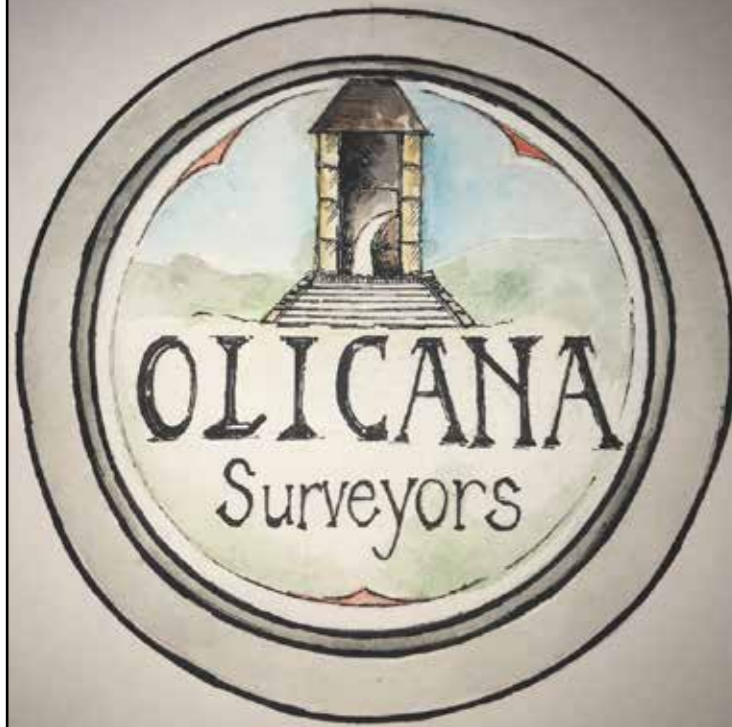

Ambitions: To be a doctor

Millie is like a little terrier in centre court. She is feisty and tenacious in defence and readily available in attack. Millie has played the majority of her BGS netball career at WD but may well contribute in the centre position on tour. On court Millie is vocal and incredibly supportive to her teammates which I know they all appreciate.

Off the court Millie is a bubbly and friendly girl who always takes time to say hello and have a chat. I am sure that Millie will make some great memories in Oz and forge instant friendships with her Australian hosts, she just needs to get through the flight but we will be there to hold her hand!!!

## Amber McAllister (9)

AKA: Amb

Likes: Netflix, Pugs, Guacamole

Dislikes: DT

Ambitions: To travel the world

Amber is one of the most versatile players in the squad. She has played in both the defensive and attacking circles as well as being effective in centre court.

Her versatility is a result of her good tactical knowledge and super reading of the game. Amber's role in Australia will be primarily in centre court where she will undoubtedly play a key and vocal part in defensive set plays as well as contributing to the attacking play. One of the most bubbly and outspoken players I fully expect Amber to be at the forefront of social proceedings

PERSONAL SPONSOR

## Grace Lancaster (10)

AKA: Gravy

Likes: Costco, Drinking lots of water, Jelly and Ice-cream

Dislikes: Crocs & socks, weak tea, Slow Walkers

Ambitions: Not to burn in Australia! To survive medical/dental school.

Grace is one of our many multi-talented netballers and also one of the busiest girls I know, playing hockey, netball and having numerous musical commitments, despite this she has always maintained a calm unflustered demeanour on and off the

court. Grace is very fit and what I would refer to as a 'clever' player; she is very deceptive and knows how to manipulate both the defenders and the space to her advantage. Grace is equally as adept in the shooting circle and attacking centre court and I would fully expect her to feature in both those areas on tour. As a fellow ginger I understand Grace's ambition but as it is their winter I think she will be safe, if not she can be assured I will have some factor 50.

## Lucy Sherwood (11)

AKA: Lynda

Likes: Jam doughnuts, M & S jelly, Harvey Spector, piercings, money, 2nd Team

Dislikes: Coleslaw, CP jackets with goggles, facial tattoos, sweetcorn, toes, fitness, 1st Team ;-)

Ambitions: To live in a NY penthouse apartment, to be a professional grass whistler!!!

Lucy is an athletic defender, she has played mostly at GD throughout her school career but has real potential in the GK position where she can see the court and select the time to go for the interception. It has been great to see Lucy's enthusiasm and ambition for netball grow in the lead up to tour. This will certainly benefit us against the Aussie's as a Sherwood at her best

is outstanding, this is usually when she has been wound up or taken a dislike to the opposition. Lucy has a crazy side to her character and I feel sure that she will provide the group with a lot of laughs this summer.

PERSONAL SPONSOR

## Ella Moran (12)

Likes: Chocolate, Wagamamas, avocados & goats cheese

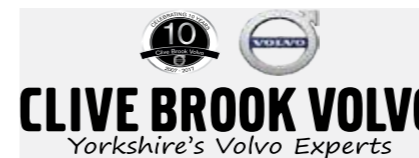

Dislikes: Getting up, single maggies & vomit!

Ambitions: To get a job which doesn't involve anyone (human or animal) being sick!!!!

With her amazing vertical jump and long limbs Ella is a born defender. She is athletic and takes fantastic interceptions in any of the defensive positions. Ella is also an excellent hustler and despite not being a hugely physical player will contest for the ball at any opportunity. Ella has been known throughout her BGS netball career for being quiet on court;

this despite being sent into the sports hall corridor to practice shouting to be heard by everybody else. Although she is still not loud the communication part of her game has improved and will need to be on point against the Australians. Ella is such a lovable character who I am sure will enjoy all the experiences down under.

PERSONAL SPONSOR

## Armani Mir (13)

AKA: Armanaeee

Likes: Alan Walker, watching football, criminal minds, laughing, horror movies and theme parks

Dislikes: Spiders, taking taxis and sneezing

Ambitions: To travel the world, to live in Hawaii, to meet her favourite footballers and to study marine biology.

Armani is the loveliest girl who is always willing to give anything a go; this shows in her many likes and ambitions. She is well liked by all the girls and will be an asset on tour. Armani is not always the most confident of players but can be effective at both ends of the court as GS & GK. In Australia it is likely that Armani will be

playing GK the majority of the time. Armani always works hard in training and I know is determined to continue to improve her fitness. I know touring Australia will be a fantastic experience for Armani and I hope it helps to increase her netballing confidence ready for her first senior season.

PERSONAL SPONSOR

## Ariana Galdins (14)

AKA: Ari

Likes: Ice-cream, pizza & Mamma Mia

Dislikes: Mushrooms!!!

Ambitions: To run the Leeds half marathon

Ariana is one of the speediest players. She has made fantastic progress in the season just gone, being awarded player of the season for the U16B and being elevated to the A squad for the second part of the season, following on from this she has secured a centre court 1st VII squad place for tour.

Ariana is another multi-talented student who has not only progressed in netball but gained senior full colours in music as well as taking part in drama productions. Ariana can often be found giggling with Ella and Emily, I hope they share the giggles with us all on tour!

PERSONAL SPONSOR

## Melody Seifzadeh (15)

AKA: Mel

Likes: Sorbet & smoothies

Dislikes: Aubergines, courgettes and people who eat with their mouth open

Ambitions: To be rich!

Despite being very organised and reliable Melody is one of the most laid back characters I have ever toured with. Both on court and off she is unfazed by everything even when facing the most physical of defences Mel keeps her cool. Early on in her BGS netball career Melody played GS, a skill which has been called upon on occasion and may well be a useful back

up on tour but primarily she is a specialist WA who has the ability to find players with the ball in any situation and spots very early opportunities to feed killer balls into the D. Melody is a naturally positive person and encouraging to all her fellow players. I very much look forward to seeing how she adapts and develops her game in Australia.

PERSONAL SPONSOR

## Lily Robinson (16)

AKA: Leeroy

Likes: Netflix, Baxter, GoT, Noah & Potassium

Dislikes: Maths, slow walkers in public

Ambitions: To visit as many different countries as possible

Lily is our really accurate, often long range shooter, she is incredibly hard working in training and effective on court. Having played both GA & GS lower down the school Lily has spent the last few seasons playing exclusively the GS position due to her shooting accuracy. She does however have excellent movement skills and has been training again in the GS & GA

positions in preparation for Senior Tour where she will get the opportunity to play both. Lily is on the face of things quite quiet but has a really cheeky side and the ability to make the other girls laugh. We are all looking forward to spending time getting to know this part of Lily's character in Australia.

PERSONAL SPONSOR

## Jaya Krishna (17)

AKA: J Krish

Likes: Cheese, 2 Magpies hawaii 5-0

Dislikes: Rude people

Ambitions: To be a doctor

Jaya is a student who aspires to be the best in whatever she does. As a result she has pursued her netballing goals this season and been selected for the Rhinos High Performance Academy where she has been asked to play for the U17 squad against other super-league academy opposition. She is a great shooter who plays with style and grace at both GS & GA.

Jaya having been part of the U16 national finals squad 2 years ago and captained the U16 A this season has a wealth of experience which I am confident she will put to good use in Australia. It doesn't surprise me that Jaya dislikes rude people as she is one of the most polite and pleasant students I have ever taught!

PERSONAL SPONSOR

## Eve Wellings (18)

AKA: Eric

Likes: New York Knicks, sleeping and being tall

Dislikes: Running & horror movies

Ambitions: To get player profile details in before the brochure goes to print!!

Eve is our (not so secret) weapon at the back of the court. Not only does she have a huge arm span but she uses it well sometimes covering three different attacking options in the goal third and making it so difficult for shooters to penetrate the circle. We all love it when Eve decides to take a risk and go flying out of the circle for an intercept. Eve has

just received Player of the Season for 2017/18, we are hoping her good form and improvement continues on tour. Eve has a really fun, cheerful and cheeky character. I am sure along with others in the group she will be looking forward to playing some pranks whilst we are down under!

PERSONAL SPONSOR

## Emily Conn (19)

AKA: Emily.com

Likes: Sleeping, dancing, trashy reality TV, Disney, gossip & makeup

Dislikes: Being awake & being wrong

Ambitions: To get a tan in Aus (walking tangerine!)

As our B squad Most Improved Player from 2017/18 for Emily senior tour is well timed to catch her at the top of her game. Emily is a nippy little centre court player with super balance and poise on the ball. She is a steady, dependable player who is equally effective on both wings. Emily is a hardworking both in training and in match play. Emily not only plays netball but also

fills her time with dance and performing. Along with Ariana and Ella she can always be seen giggling at something. As the baby of the group and squad number 19 we will all be looking after Emily on tour.
